

20 Kennedy Street Maryborough VIC

3 1 5

So this is a surprise and has many options and ideas- it is a huge block with an elevated position within 1 km of the main shopping of Maryborough.

Offering 3 bedrooms, lounge with gas heating - air conditioner in the hallway. and ready for your renovation ideas - it's your own BLOC project- start at the bottom- I am no building expert but let's say - YES it needs stumping - the kitchen has all angles of slope. The yard is HUGE - potential STCA to subdivide as there is space on either side of the house. At the rear Primrose lane gives access to a large block with a 4 car garage, power, and lights ready for storage or workshop.

Sp Illt is priced to sell- get the inspection booked

Price : \$ 350,000
Land Size : 1030 sqm
